JUSTICE W. B. WOODS DEAD

DEATH CAUSES A VACANCY ON THE SUPREME COURT BENCH.

Gradually Sinking for Several Days, He Passed Peacefully Away Unconscious of His Surroundings—A Brief Sketch of the Life of Another of Ohio's Sons.

JUSTICE WILLIAM B. WOODS.

WASHINGTON, May 14.—Associate Justice Woods, of the supreme court, died at 12:30 to-day. At 3 this morning his condition changed for the worse. He soon became unconscious, and in that condition passed away. He had long been suffering from dropsy.

Justice Woods had had a distinguished public career. He was born in Newark, O., and graduated from Yale college in 1845. After the usual course of legal study he was admitted to the bar and began to take an interest in politics, making political speeches as a Democrat and was elected to office by that party. In 1858 and 1859 he was the Democratic speaker of the Ohio house of representatives. At the outbreak of the civil war he entered the Union army as lieutenant of the Seventy-sixth Ohio volunteers. When the army was mustered out in 1865 he had won the rank of brigadier-general and brevet major-general. He had served in Alabama at the end of the war, and was so pleased with the country that he began business life again in Alabama, and was elected the state chancellor in 1868, which office he resigned on receiving his commission on the bench of the supreme court, December 21, 1880.

SKILLFUL ENGINEERING.

Wonderful Work on the Mississippi at Vicksburg.

NEW ORLEANS, May 16.—A Picayune Vicksburg, Miss., special says: The most successful piece of work that has been done by the government engineers toward the improvement of the harbor of Vicksburg is the revetment at Delta Point, which effectively prevented indefinite recession of the river from the city by stopping the rapid erosion then going on at that place. This was a great feat, but the indirect effects were and are even more remarkable for the protection of the Louisiana shore.

The works have thrown the river in this direction, the channel to this, instead of the Louisiana shore, and are daily bringing the river nearer to the city by causing it to cut into the last bank from the west pass to a point below Refuge mills. Last year this progress was noticeably rapid and was evidently increasing, and until the late rise in the river a good deal of erosion was going on at Kleinston this spring, many feet of the shore having caved into the stream. It is said by those who have studied the Mississippi closely that whenever it makes a cut it begins the work of making another bend. To all appearances it is now engaged in the latter task just below this city.

A long bar has been built by it below Delta, and this is receiving additions continually, while the opposite shore is being cut away. How far this process will extend has never been estimated by an engineer, or at least no publication has been made of such an estimate, except in an indefinite way, but if experience is worth anything, it seems reasonable to conclude that a few years will find the river much nearer the highlands at the foot of the hills between East Pass and Refuge Mills than at present.

Eighth Round Settled Him.

ST. PAUL, Minn., May 16.—A plucky contested glove fight took place at the Olympic theatre last night, between Jack Davis, of Philadelphia, and Danny Needham, of St. Paul. Davis fought upon the defensive throughout, and with coolness and skill, but was not quick enough for his wiry little antagonist, and was knocked down in the third and sixth rounds, and knocked outside the ropes in the eighth, when the fight was given to Needham by Referee Clow. Both were bleeding profusely at the finish.

Color Line Splits Church Circles.

CHARLESTON, S. C., May 16.—The "color line" occupied the attention of the Episcopal Diocesan convention of South Carolina all day. The question was the right of the colored clergy to admission to the floor as delegates. The discussion elicited much feeling, and resulted in the secession of the lay delegates of fourteen parishes and the rectors of St. Michael's, of Charleston, and Trinity, of Abbeville, who opposed the admission of the colored delegates.

The Captain's Son Drowned.

FRANKFORT, Mich., May 16.—The propeller George D. Sanford caught fire on Lake Michigan yesterday afternoon, scorching her cabin and destroying a quantity of freight. During the excitement Watson McGregor, son of the captain, fell overboard and was drowned.

Coal Vein Struck.

MAYSVILLE, Kan., May 16.—The home company who have been prospecting for coal here have struck a thirty-three inch vein at a depth of 231 feet. Arrangements are being made to develop this, while the drilling goes on to see what is below.

Lawyer Charged With Forgery.

NEW YORK, May 16.—James Kearney, lawyer, surrendered himself to the authorities to-day. He pleaded not guilty to a charge of forgery, on which a warrant was out for his arrest. He is said to have defrauded various persons out of \$60,000.

CANADIAN IRON DUTY.

The Rolling Mills Have to Close Up Unless Something Is Done.

New York, May 16.—A Montreal special to the Times says: The enormous increase in the duties on iron came like a thunder clap on the manufacturers here, and is likely to bring the government into some little trouble. A number of the leading manufacturers were seen by a correspondent, and nearly all said they would have to close up certain lines of business and cancel a number of contracts.

They estimated their probable losses at from \$15,000 to \$50,000 per annum. The rolling mills will have to close up altogether unless something is done, as the duty on the raw material amounts to 55 per cent, and that on the finished product to only 30 per cent. Only one firm has so far attempted to make pig iron in this country, and it is for their special benefit the extra duty has been imposed. The extra duty will probably have to be taken off at once.

BASE BALL.

A Showing of the Standing of the American Association Ball Games.

CINCINNATI, O., May 14.—Since last Saturday the Reds have pulled themselves out of the ruck and are now up among the leaders. They are but a few points behind the Brooklyn for second place. The standing is as follows:

St. Louis	Games won	Games lost
Brooklyn	15	8
Cincinnati	10	8
Baltimore	12	7
Louisville	10	8
Athlete	7	10
Cleveland	3	16
Metropolitan	2	14

Opium Smuggling.

SAN FRANCISCO, May 16.—The customs officers to-day seized 115 cases marked "nut oil" on the steamer Rio Janeiro, which arrived from China on Wednesday. The cases, upon being opened, were found to contain hermetically sealed cans of opium, placed in nut oil cans. The seizure is valued at \$30,000. It is stated that treasury agents at Hong Kong were cognizant that opium would be sent by the Rio Janeiro, and the collector was apprised by telegraph this morning. By means of a large tempered-steel probe various boxes, cases and baskets of a large consignment of freight were searched through by the customs officers, and the result of the investigation was the seizure of several piles of goods.

The Prince Sails for Home.

NEW YORK, May 16.—Prince Leopold and suite, consisting of Count Kantitz and Baron Nickisch and two men servants, sailed at 11 o'clock this morning on the North German Lloyd steamship Eider. The prince arrived in a carriage at the steamship docks at 10:30, and immediately went on board. His name appears on the passenger list as H. R. H. Prince Frederick Leopold. Among the other passengers in the Eider were Mr. and Mrs. Henry E. Abbey, Mr. and Mrs. Charles Mapleson, Count Lolli, Mme. Scalchi-Lolli and Com. F. E. Chadwick, United States navy.

The McWha-Baker Murder.

ST. LOUIS, Mo., May 16.—The only important development in the McWha-Baker murder case was the discovery of a celluloid collar belonging to Baker, which had stains upon it resembling blood, and a woman's undergarment on which were bloody finger marks. The coroner's jury recommends that Baker be held for murder, and he has employed counsel. The blood stains will be submitted to a microscopic investigation.

Railroad Collision.

MERIDAN, Miss., May 16.—An extra engine going south and a northbound passenger train collided three miles north of Waynesboro, Miss., on the Mobile & Ohio railroad, last evening. Fireman Shenault, of the extra, was killed, and Engineer W. T. Tew, Mail Agent Bell, and Conductor E. P. Hickey of the passenger train were hurt. The express, mail and baggage cars were badly damaged, and both engines were demolished.

Two Suicides in Central Park.

NEW YORK, May 16.—The body of a man was found near the west drive in Central Park this morning. It is believed to be that of Henry E. Smith, a small speculator in Wall street. He had committed suicide by taking "Rough on Rats." About the same time the body of a tramp was found swinging from a tree near the drive on the east side.

Trying to Steal Beecher's Remains.

NEW YORK, May 16.—The family of the late Henry Ward Beecher are said to have received information recently of what appeared to be a plot to steal the body from the receiving vault of Greenwood cemetery, and two policemen have since been guarding the vault. Mr. Beecher's remains will soon be interred in the family plot.

Found Dead in Bed.

BALTIMORE, Md., May 16.—Edward T. Wheeler, an architect, was found dead in bed this morning at the corner of Fayette and Mount streets, having been asphyxiated by gas. It is supposed that he committed suicide. On April 28 he was knocked down and robbed in Philadelphia, since which time he has been mentally depressed.

Stock Killed by Lightning.

AUGUSTA, Ky., May 16.—During the heavy thunder-storm last evening lightning struck a tree on the farm of James McCracken, several miles from the city, killing instantly two valuable horses and a cow that had taken shelter from the rain beneath the tree. McCracken's barn was also considerably damaged.

Presidential References.

PITTSBURGH, Pa., May 16.—The Post publishes replies from Democratic editors, members of legislature and leading politicians in forty out of the six-seventeen counties of the state, as to preferences for president. The result is, total responding 149, of whom 101 favor Cleveland; 18 Hill; 27 non-committal.

Alarming Situation.

GREEN BAY, Wis., May 16.—Under the continued dry-weather forests fires continue in all directions, and the situation is becoming quite alarming. Smoke hangs over the city continually and masters of vessels report obscuration by smoke all along the bay and as far as the straits. The farmers are alarmed over the drought and fear a repetition of last summer's experience.

THE STRIKE IN CHICAGO.

WORKMEN AFFECTED BY THE BUILDING TRADES STRIKE.

The Number Out Likely to Be Increased Soon—Efforts of Employers to Do Away With the Non-Union Foreign Element. Miners Strike for Back Pay.

CHICAGO, May 16.—The number of workmen affected by the strike in the building trades is about as follows. Three thousand bricklayers, 4,000 hodcarriers, 1,500 carpenters, painters and plumbers and 1,500 miscellaneous mechanics and laborers. An uproarious meeting of the Bricklayers' union was held but no action of any kind was taken, either to rescind the demand for a Saturday payday or to formally declare a strike.

The general shut-down is the outgrowth of a series of strikes in the building trades, and is in the nature of an attempt by the employers to force a battle royal with workmen and secure a lasting peace during the season. The carpenters, painters and other men, it is announced, will be kept at work as long as there is anything for them to do, but it will not help them much, for practically all work will in three or four days be blocked by the lockout of bricklayers and masons.

Kept Down by Foreigners.

CHICAGO, May 16.—The sailors on the lakes are making efforts to do away with the non-union foreign element, which has for several years kept the scale of wages very low. This season the non-union foreigners are arriving in unusually large numbers, and to protect its members the Seamen's union, which was organized bodily into the Knights of Labor a year ago, and named District Assembly No. 136, a short while ago issued an appeal to the Knights of Labor in the two Chicago District assemblies.

Districts Nos. 57 and 24 willingly consented to assist the sailors, and yesterday issued orders to the members to help in every way possible the members of No. 136. A systematic attempt will be made to induce all the foreigners to join the union or refuse to work for less than \$2 a day. A more important step will be the refusal of all union coal heavers, ore shovelers, lumbermen and grain trimmers to work on vessels employing a non-union crew. These classes of laborers are well organized in this city, and their influence will greatly benefit the union seamen. The knights in all the lake ports, it is said, have decided on similar action, and a determined move will at once be made.

The Tinner's Demands.

CINCINNATI, May 16.—The tinner's strike is getting pretty lively. The striking tinner have warned all other tinner to keep away from the city. The Roofers and Cornicemakers' association has advertised for men to take the places of the strikers, promising steady work and highest wages. None of the members of the latter association have agreed to the demand for a 20 per cent. advance, and state that they have no disposition to compromise. If the men want to go back at the old wages they can. The strikers point to the jobbers and roofers who have given the advance, and say the cornicemakers have given no excuse for holding out, and that they in fact have allowed for the advance in making their contracts this season. The fight will be a stubborn one, as there is plenty of backbone on each side.

Carpet Weaver's Strike.

PHILADELPHIA, Pa., May 16.—An extensive strike has been inaugurated here among the hand loom carpet weavers employed in the shops where the manufacturers intend to enforce the recent reduction. About 850 hands went out and about 750 men and several hundred women and girls will be affected. With few exceptions all of the weavers will go out to-day. The men are well organized and intend to make a strong fight. As a great many of the hand loom do not make more than \$6 or \$7 a week a reduction ever so little is considered a great hardship.

Knit Goods Strike Declared Off.

AMSTERDAM, N. Y., May 16.—After seven months the strike of the knit goods operatives in this city was declared off at a meeting of the Knights of Labor. The only effect of the close of the strike will be the stoppage of relief from the headquarters of the Knights of Labor. This will reduce some people to very destitute circumstances. Ex-District Master Workman Cummings opposed declaring the strike off. A large number of people were refused work to-day by the manufacturers.

Miners Asking Back Pay.

IRONWOOD, Mich., May 16.—The miners of the Bonnie, Blue Jacket and First National mines are out on a strike to force the payment of two months' back pay. About four hundred men are out. The Iron King miners struck last Monday and secured their pay, and this has encouraged the men in the other mines to do likewise.

Will Return to Work.

NEW BEDFORD, Mass., May 16.—The striking weavers, most of whom reside in tenement-houses belonging to the Wamsutta Mills corporation, and who were unable to get their money at the mill office, will return to work.

Ship Ashore.

BOSTON, May 16.—The ship Gov. Robie is reported ashore at West Point, and is discharging her cargo. The Robie was built in 1883 at Bath, Me. She was on her way to Shanghai from New York, which latter port she left on January 31.

Suicide by Poison.

SANDUSKY, O., May 16.—Isaac Harthorn, aged fifty-five, a wealthy resident of the peninsula, suicided to-day by taking poison while laboring under temporary aberration of mind, resulting from illness.

A Case for the Grand Jury to Decide.

JACKSONVILLE, Ill., May 16.—Warren Coffman, a colored man, was killed this afternoon by William Hogan, a seventeen-year-old keeper of a lunch house. Hogan pleads self-defense.

Police Stop Betting.

NEW YORK, May 16.—The police have stopped all betting on the races at the Brooklyn Jockey club.

OBJECTED TO THE TABERNACLE.

Bishop Dudley Withholds His Episcopal Functions from a Louisville Church.

LOUISVILLE, Ky., May 16.—Rev. George C. Betts, better known as "Father" Betts, is in trouble again over his high church doctrines and practices. He came here about a year ago from St. Louis, where it is said he had given the bishop much annoyance. He is a brilliant orator, editor of the Church Militant and prominent in the Irish National League of America. His ability secured him favor in Grace Church here. Immediately upon his coming there was rumor of practices forbidden by the Episcopal church. As Dr. Schaffly, the former rector, had used candles on each side of the altar, Father Betts placed a tabernacle upon the altar.

Bishop Dudley's relations with the church had become strained because of the use of the candles and he visited it seldom, sometimes not often than once a year to administer the rite of confirmation. On his visit for that purpose on Good Friday last he first saw the tabernacle on the altar and at once ordered its removal. Father Betts referred the matter to vestry and they upheld him. The tabernacle was not removed. Bishop Dudley then announced that he would withhold his episcopal functions from the church till his authority was respected, and laid the matter before the episcopal council at Henderson. The vestrymen, some of whom are among the wealthiest men in Louisville, say there is nothing to forbid the practice objected to, and that it is of great service in a sudden demand for communion for the dying.

Father Betts Recants.

HENDERSON, Ky., May 16.—In the trial of "Father" Betts, before the Episcopal council just ended, the charges of extreme ritualism and tendency to Romanism were confirmed, and Betts was given the option of recanting or being expelled. Father Betts decided to recant, and said he would observe the admonitions and decisions of the council.

CRIME OR ACCIDENT.

A Cincinnati Man Chops His Wife's Head Open With an Ax.

CINCINNATI, May 16.—On the first floor of 241 Clark street, resides Henry Zellman, aged thirty-two, peddler, and his wife, aged twenty-nine, and a child. Zellman and his wife are addicted to drunkenness. Last night the "growler" was rushed, and the couple were quarreling drunk. Their wrangling attracted the attention of the neighbors. A scuffle was heard, then the sound of a falling body, and all was still. Zellman, a moment later, glided from the house and entered shortly with Drs. Gavin and Wallingford, who found his wife on the bed with her skull fractured. The matter was reported to the police, who sent her to the hospital, and locked him up at Central police station on a charge of assaulting to kill.

Zellman admits having struck his wife over the head with an old ax which lay on the floor, but both husband and wife agree that it was an accident occurring in a playful tussle for the utensil. It is feared the woman will die. Mrs. Zellman recovered consciousness this morning, but the chances are against her recovery. Zellman himself was arraigned before Judge Caldwell this morning for assaulting to kill, and had his hearing continued to May 18 to await the result of his wife's injuries. He manifested more concern for his own welfare than for his wife's.

The Cattle Raising Industry.

BOSTON, May 16.—A careful review of the range and ranch cattle industry of the country, prepared from full reports by correspondents in thirteen western states and territory, enables the Commercial Bulletin to say that the reports of losses of cattle by severe weather during the last winter were exaggerated, and that the season was, on the whole, a favorable one. The spring season opens well. The rapid settling up of the west is interfering with the business, and many well informed persons interested think the industry of cattle raising has reached its height. The operation of the interstate commerce law has been unfavorable, but reports are not sufficiently definite on this point to enable accurate conclusions to be drawn. The reports justify the prediction that higher prices for beef will prevail this year.

Forts in Forger Hoke's Bonnet.

PEORIA, Ill., May 16.—Attorneys for J. Finley Hoke appeared in the circuit court to-day and asked leave to withdraw the general plea of not guilty to all charges of forgery against their client. They want to enter special pleas setting forth that Hoke was extradited for one charge only, but the state's attorney argued against their right to the privilege. Judge Shaw has the matter under advisement.

Heavy Failure in the Morocco Trade.

WILMINGTON, Del., May 16.—Peter J. Ford, of the Ford & Bryan Morocco company, and an extensive real estate owner, contractor and builder, failed to-day. Liabilities \$100,000; assets \$80,000. Judgment creditors representing about \$85,000 are thought to be protected. The failure does not affect the financial standing of the Morocco company.

Sea Captain Arrested.

NEW YORK, May 16.—Capt. Eugene Antonio, of the French steamship Cherebon, was arrested by a United States deputy marshal to-day for carrying more passengers than the law allows. Capt. Antonio was taken before the United States commissioners and held in \$25,000 bail for examination.

Mill Burned.

WOONSOCKET, R. I., May 16.—The Walling mill, in Millbury, Mass., run by James Walton & Co., was burned this morning. The total loss is estimated at \$60,000; well insured. The mill was owned by the Millbury Savings bank. About seventy-five hands are thrown out of employment.

Escaped From the County Jail.

BRAZIL, Ind., May 16.—Robert Johnson, burglar, confined in the county jail, suddenly turned on Deputy Sheriff Bishop last night, and with the assistance of a prisoner named Murray overpowered both Bishop and his wife. The two men then made good their escape.

Five Earthquake Shocks.

NOGALEA, Ariz., May 16.—There have been five earthquake shocks here during the past twenty hours. The heaviest was at 5:30 this morning.

SALTZER'S

REGISTERED

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

MONDAY EVENING, MAY 16, 1887

CALIFORNIA plums, 20 cts.—Calhoun's.

ONION sets, at Chenoweth & Dimmitt's.

EDMOND WARD, of Aberdeen, has been allowed a pension.

THIRTY-SIX car-loads of wheat were shipped East last week.

COOKED, canned meats, cheap and saves labor. At G. W. Geisel's.

MR. ANDREW WOOD, of Washington, has applied for a patent on a nail grasper.

THE contractors have commenced work on the railroad pier, near the foot of Wall street.

THE contractors have resumed work on the bridge to span Licking river, at the foot of Byrd street, Covington.

T. F. KIFF has organized a Sons of Temperance lodge at Pin Hook, and also one at Mt. Olivet the past week.

L. C. A. REIDLE has conveyed to Henry Martin one hundred and seventy-five acres of land on the North Fork for \$7,000.

SAM A. WOOD, formerly with Vigor & Lee, is now spending part of his time as clerk at the Crawford House, in Cincinnati.

ARTHUR M. CAMPBELL left yesterday morning for Muncie, Ind., to look after the interests of the "Maysville syndicate" at that place.

REV. THOMAS HANFORD, of this city, will deliver an address at the commencement exercises of the Augusta Collegiate Institute, June 2nd.

MESSERS. JOHN DERSCH and Jacob Weiland, who left home a week ago to seek their fortunes, returned home this morning. They say Maysville is good enough for them.

THE huge caissons for the Huntington bridge between Covington and Cincinnati have been cleaned out and everything is in readiness for launching, which cannot take place until the river falls.

MRS. JENNIE O. CLARKE's art studio will be open Tuesday, Thursday and Saturday only, the other days being devoted to sketching from nature. Those wishing to join the class will please call at once.

CAPTAIN M. C. HUTCHINS, as agent for Hon. Ed. L. Martin, of Kansas City, sold last Saturday to William H. Yancey the residence known as the Gurney property, on the Fleming pike, near this city, for \$2,500.

THE friends of Hawthorne Hill, junior editor of the Republican, will sympathize with him in the loss of his father, John A. Hill, whose death occurred Friday at Marion, Ky. Mr. Hawthorne Hill left this morning for that place.

ALLEN D. COLE, MASTER COMMISSIONER, sold last Saturday the real estate of the late Louis Schatzman. The hotel property on east side of Market street was purchased by Joseph A. Diener, for \$5,550. A two-story brick house, on north side of Second street, Fifth ward, and a vacant lot adjoining it on west were sold to Louis Zsch, for \$3,006.

CHARLES YAGO, son of Mr. and Mrs. Baltz Yago, of Covington, was drowned last Saturday morning while fishing in the Licking river. He was about seventeen years of age, and was a quiet, and industrious young man. The family removed from this city only a short time ago, and the sympathy of their friends goes out to them in their hour of sorrow.

THEODORE MACHENHEIMER, who has been superintendent of the new gas works since their completion, left yesterday for Spokane Falls, Washington Territory, where he will take charge of the Spokane Gas Works. He was accompanied by his wife. Mr. Machenheimer was a clever and industrious citizen while here, and was always close and attentive to his duties.

THE annual commencement of Central College, at Danville, Ky., will take place next month. Following is the calendar for "commencement week": Sunday, June 12th, baccalaureate sermon, 11 a. m.; Tuesday, meeting of Board of Trustees, 4 p. m. Oratorical medal contest, 8 p. m. Wednesday, class day exercise, 10 a. m.; address before Alumni Association, 3 p. m. Thursday, annual commencement, 10 a. m.

Masonic Notices.

Stated meeting of Mason Lodge No. 342, F. and A. M., this evening at 7 o'clock, at which time the Fellow Crafts Degree will be conferred on three candidates and Entered Apprentice Degree on one. All Masons in the city are fraternally invited to be present.

JAMES H. SALLER, W. M.

JUDGE PHISTER DEAD.

The Mason County Bar Loses a Prominent Member, and the City of Maysville a Distinguished Citizen.

A Brief Biographical Sketch of the Deceased—Arrangements for the Funeral and Burial.

Hon. E. C. Phister died at half-past 10 o'clock yesterday morning at the family residence on Third street. His critical condition had been known for some time to his family and his friends, but the announcement of his death was a sad surprise to many, owing to the fact that it had been reported in the past few days that there was a slight improvement in his symptoms and that he had been resting easier. Judge Phister's health had been failing for nearly a year. His decline seems to have been gradual but steady from the time it was first noticed. It was only, however, since the beginning of the year that he was compelled to give up his work, and remain away from his professional duties. He was suffering from a complication of diseases, which baffled the skill of his physicians. First there was a tumor of malignant character which was successfully removed. A month or so afterwards one of his eyes became affected. A visit to Cincinnati followed, and Drs. Ayers, Williams & Satler removed the affected member. The operation was successful, and hopes were entertained that he would soon be restored to his wonted health. After his return, however, he suffered greatly from a disease of the spine, and his physicians, both here and at Cincinnati, advised a trip to Hot Springs, believing that the waters of that famous health resort would prove beneficial to the Judge in his then condition and serve to tone up his shattered system. The trip was made, and it was not until then that his friends and family became fully aware of his critical condition.

The trip was a trying one and the treatment did not serve to check the onward march of the disease. The physician who was consulted at Hot Springs advised an immediate return home. This was about two weeks ago. He arrived here in a very critical condition, and his physicians realized that death was only a question of a few weeks, or a few months at most. Medical skill could avail nothing, except to alleviate the Judge's suffering in his last hours. In the past few days he rested much easier than he had been doing for some time. He grew weaker and weaker, however, until at last, at the hour named above, the slender thread of life was severed, and the spirit took its departure.

Judge Elijah Conner Phister was a native of this city. He was born October 8, 1822. His father, Conard M. Phister, was of German descent, and was a native of Philadelphia, removing from that city to Kentucky and settling here in Maysville in 1811. The maiden name of Judge Phister's mother was Mary Conner. She was of Irish-English descent, and was a native of Maryland. Her marriage to Conard M. Phister took place in Philadelphia. Judge Phister was educated at the Maysville Seminary and the Augusta College. He was a fellow student of General Grant at the Seminary, which, at that time, was in charge of Professors Rand and Richeson, the latter of whom is at present living in Chester, and who is one of the oldest and most distinguished educators of Kentucky.

Judge Phister graduated from the Augusta College in 1840, a few months before he was eighteen years of age. He was the first Maysville pupil to graduate from that school. He afterwards read law at Philadelphia under Hon. John Sergeant, who is described as "one of the ablest jurists and purest public men in the United States," and who was a candidate for Vice President in 1832 on the ticket with Henry Clay. Returning to this city, Judge Phister studied with Payne & Waller, leading lawyers at the time, and was admitted to the bar June, 1844. At the January election in 1847 he was elected Mayor of this city, and was re-elected the following year. In 1856 he offered himself as a candidate for Circuit Judge, and in August that year he was elected, over Hon. W. H. Wadsworth. In 1867, he was chosen as Representative from this county, to the Legislature, and was re-elected 1869. In 1872, Governor Leslie appointed him one of the commissioners to revise the statutes of Kentucky, but the honor was declined. At the November election in 1878 he ran as the Democratic candidate for Congress, from this district, (then the Tenth) and was elected by 4,587 majority over three opponents. He was re-elected in 1880, defeating Hon. George M. Thomas by over 1,000 majority. His term in Congress closed his official career. He did not seek office afterwards. A few years ago he was solicited to become a candidate for Judge of the Court of Appeals, but declined. The fact that he was never defeated for an office is evidence of the

esteem and confidence in which he was held by the people. As a lawyer he was eminently successful, both in his civil and criminal practice. Collins, in his history of Kentucky, (to which we are indebted for much that is here written), says: "Judge Phister followed his profession, the idol of his early love, with an inflexibility of purpose which seldom fails to be awarded the very highest positions in the judiciary." He was considered, by men prominent in the profession, as one of the "ablest, firmest and purest of Judges." "He was popular and successful as an advocate and public speaker," adds Collins, "always earnest and eloquent, frequently brilliant and sparkling." In a biography of prominent Kentuckians published by Robert Clarke & Co., of Cincinnati, a few years ago, the author described Judge Phister as a person of most energetic, active temperament, rapid and skillful in his decisions; hardly ever escaped a point of law; seemed always equal to any emergency, without exhausting his resources; a fine speaker; a man of dignified manners; thoroughly devoted to his profession; had few equals on the bench, probably but few Judges having had a more satisfactory record or gained more admirers; his quick perception, urbanity and uncommon executive ability having rendered him exceedingly popular." The author alluded to accorded Judge Phister a front rank in his profession in this State.

On October 13, 1847, Judge Phister was united in marriage to Miss Jane A. Paddock, a daughter of Dr. Paddock, of this city. His wife and five children survive him. Of his children, Mrs. Anna C. Griffin lives in New York, and Mrs. Howell Finch in Texas. Frank K., the youngest son, is engaged in the real estate business at Decatur, Ala. The eldest son, Thomas R., is a prominent young attorney of the Mason bar. The youngest daughter, Miss Amy, lives in this city. Judge Phister leaves three brothers—Charles and Dr. John P. Phister, of this city, and Jacob Phister, of Denver, Col.—one sister—Mrs. Mary Ralston, wife of Rev. T. N. Ralston, of Newport,—and two half-brothers, Conard M. Phister, of this city, and Chambers Phister, of Cincinnati.

Judge Phister was a member of DeKalb Lodge No. 12, I. O. O. F., and the burial will be under the auspices of that order. The funeral will take place to-morrow afternoon at 3 o'clock at the family residence, Rev. D. A. Beardsley, pastor of the M. E. Church, South, officiating, assisted by Rev. Russell Cecil, of the Central Presbyterian Church, after which the remains will be laid at rest in the cemetery. Hon. W. H. Wadsworth, Judge Emory Whitaker, L. W. Robertson and George W. Adair, of the bar, and N. Cooper, T. J. Chenoweth, Richard Dawson and B. A. Wallingford, of DeKalb Lodge, I. O. O. F., have been selected as pall-bearers.

I. O. O. F. Notice.

The members of DeKalb Lodge, No. 12, I. O. O. F., are requested to meet at the Lodge-room at 2 o'clock p. m. to-morrow, to attend the funeral of Past Grand E. C. Phister. Sister Lodges fraternally invited.

F. H. TRAXEL, N. G.

JOHN THOMPSON, Secretary.

Children's Day.

The Children's Day services at the M. E. Church, South, yesterday were attended by a large congregation both morning and night. The church was beautifully decorated with flowers and evergreens, and presented a lovely scene during the interesting services. The chandeliers were entwined with evergreens, and from each was suspended a bird-cage, from which the little canary mingled its songs with the hymns of praise sung by the congregation. The order of exercises consisted of music, responsive readings, prayer, recitations and an address. At night the pastor's sermon was one of the ablest he has delivered in this city.

Death of Mrs. Charles Bland.

Mrs. Elizabeth Bland, mother of Chester Bland, of this city, died early yesterday morning at the family residence near Shannon, at the age of about sixty-two years. She was the wife of Charles Bland, one of the prominent and successful farmers of that part of Mason County. Her maiden name was Piles. Her illness dated back seven months ago, at which time she suffered a slight stroke of paralysis, which finally resulted in her death. Mrs. Bland was the mother of nine children—three daughters and six sons—all of whom survive her, the youngest being eighteen years of age. The sorrow-stricken family have the sympathy of the community in their sad bereavement.

The deceased was a devoted member of the M. E. Church, South. The funeral services will be held in the Shannon Church, this afternoon at 3 o'clock. Rev. D. A. Beardsley, of this city, will officiate, and will be assisted by Rev. J. W. Harris, pastor of the Sardis M. E. Church, South.

..... Nervous debility, in either sex, however induced, speedily, thoroughly and permanently cured. Address, with 10 cents in stamps for reply, and book of particulars, World's Dispensary Medical Association, 663 Main street, Buffalo, N. Y.

ANOTHER WRECK.

A Kentucky Central Passenger Coach Leaves the Rails and Loses its Trucks—No one Seriously Hurt.

Another wreck occurred on the Kentucky Central last Saturday evening between 6 and 7 o'clock. The accident occurred at a point about three miles this side of Carlisle, and near where the freight train was wrecked a few weeks ago. It was the passenger train due here at 8 o'clock which met with the mishap. While running at ordinary speed, the rear coach left the rails. The engine was promptly reversed, and the train was soon stopped. The trucks of the car were torn off, but outside of this the coach was not very much damaged. The passengers were tossed about pretty roughly for a few minutes, but all escaped without any serious injury. Several, however, sustained painful bruises. It was a fortunate thing for the many passengers aboard that the accident occurred in a deep cut. The employees of the road say that the trouble was caused by the spreading of the track, but a passenger who investigated the matter claims that it was all caused by a "rotten road-bed." It took several hours to clear away the wreck. The train arrived here between 3 and 4 o'clock Sunday morning.

Shackleford's Pharmacy.
Most attractive store in town—in "Cox Building." Fine old wines and liquors for medicinal purposes. Pure drugs, Toilet articles in great variety.

ROYAL

BAKING POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., New York.

DUN'S BUSINESS REVIEW.

GREAT REVOLUTION IN BUSINESS NOW GOING ON.

The Interstate Commerce Law One of the Causes of the Present State of Affairs. Railroad Building Progressing—Business Failures Reported for the Week.

New York, May 16.—R. G. Dun & Co.'s weekly review says: A great revolution in business is going on. With radically conflicting accounts of serious losses at some localities and in some branches, and of wonderful gains at other places, or in other departments of trade and industry, the difficulty of reaching just conclusions respecting the general tendency is much enhanced.

The interstate act is but one of several causes which contribute to produce this revolution in commerce; expansion in the volume and change in the kind of currency is another not less important. Most unexpected results are produced; the interstate act clearly helps, some who bitterly opposed it, and as clearly injures others who expected great benefits from its operation. Thus the river business of the west is expanding under the influence of the law, and the railroads are at the same time getting larger earnings from the part of the traffic they retain, while not a few cities find, as Cincinnati does, that trade in many lines is greatly embarrassed.

One general tendency is disclosed by the urgent demands for suspension or change of the law, especially from those who most favored its enactment. Serious diversion of trade from western cities which have been chief centers of distribution is in progress, and a multitude of smaller towns are reaping the benefit. Western products do not as a rule gain anything in eastern markets. If wheat has advanced 5 1/2c since the act went into effect, corn and oats have declined a fraction, pork is about the same in price, and lard 1-2c lower, hogs 3-5c lower, and beef 1-2c at the same price. Cotton has been advanced 1-4c, but this change like the rise in wheat, is clearly speculative, and therefore threatens reaction through curtailment of demand.

Railroad building is not checked by the act as yet, and there is a probability that, by encouraging traffic at many instead of few centers of trade the law may tend to the building of numerous local roads and parallel or rival lines.

The output of pig iron again increases, reaching about 139,300 tons weekly May 1. But this is probably high water mark for the time, many furnaces in the Pittsburgh region having since been "banked" because of the coke strike, while our eastern furnaces discontinue production on account of rail rates. Enormous imports also tend to depression. The lockout of stove molders has increased in importance, and suspicions are growing that the manufacturers desire, through a general suspension of work, to reach a higher range of prices for products. Exports of wheat in April were 6,533,031 bushels, against 5,352,975 bushels last year, with 935,390 barrels flour, against 733,129 barrels last year.

Exports of breadstuffs reached \$12,534,439 in value, against \$11,959,948 last year, showing that the comparatively quiet market in that month favored large shipments. But rice has since climbed rapidly, with sales of nearly 80,000 bushels in a week, and exports are checked, while accounts of seedling show a great increase in acreage in Dakota and Minnesota. Cotton exports in April were reduced 38 per cent. compared with last year, the price have risen 16 per cent., while goods advanced only 3 per cent. Receipts are now barely a quarter those of last year, but crop prospects are more favorable. The lumber trade shows an increase of demand, with scarcity in some lines.

The business failures during the last seven days number: For the United States 135, for Canada, 32; total 167, against 182 last week, and 176 the corresponding week last year. Failures are decreasing in all parts of the country, except perhaps Canada and the provinces.

SEIZURE OF THE BRITISH SEALERS.

The Canadian Government's Demand—Official Correspondence With Mr. Bayard.

Ottawa, Ont., May 16.—The correspondence with reference to the seizure of British Columbia sealers in Behring's sea was brought down in parliament last night. The Canadian government has demanded reparation from the United States for the seizures, but in his latest reply, dated in January, Secretary of State Bayard said he could not come to any decision until certain papers reached him from Alaska. In the meantime he gave instructions for the release of the sealers. Since then the captains of the vessels have put in large claims for damages. British Minister West, in conversation with Mr. Bayard, represented to him the unjustifiable nature of the seizures. Mr. Bayard contended that the United States had obtained a right to Behring's sea from the Russians. Mr. West then pointed out that when Russia had Alaska the United States government had contested claims similar to those it was now making, which Mr. Bayard admitted. Mr. West, however, in his dispatch to the Imperial government, says that Mr. Bayard was very conciliatory.

Killed on a Curve.
EASTON, Pa., May 16.—Edward McGrath, David Laury and John Harrison, in getting out of the way of an approaching freight train this morning were struck by a passenger train on a sharp curve about seven miles west of Easton. McGrath was instantly killed, his brains being scattered along the track for a distance of one hundred feet. Laury had one arm broken and several gaps on the head and a number of bruises. The other man escaped by being knocked from the track by one of his companions. Laury was taken to the hospital and the body of McGrath to Bethlehem. The trio came from New York city and were looking for work. Each had a card of molder's union in his pocket.

Found Floating in the Lake.

CHICAGO, May 16.—The body of Isaac A. Moore, of the firm of Moore Brothers, furniture dealers, at 287 and 289 West Madison street, was found at 5 o'clock this morning floating in the lake near the Randolph street viaduct. Mr. Moore had been in bad health for some time, and it is believed he committed suicide while suffering from temporary aberration of mind.

Odd Fellows' Block Burned.

NEEDHAM, Mass., May 16.—Odd Fellows' block, the largest business building in Needham, the railroad station and telegraph office were destroyed by fire, which broke out at midnight last night in the basement of the block. The building was erected ten years ago by the Odd Fellows' association.

POINTED PARAGRAPHS.

Topics of the Times Given in a terse and spicy manner.

Milan, Mo., was devastated by fire Friday. Loss, \$55,000.

Another party of Wesleyan missionaries were massacred in Tonga.

Mrs. U. S. Grant has been dangerously ill of diphtheria, but is recovering.

Over \$90,000 worth of smuggled opium was seized at San Francisco Friday.

Stephen Pike was struck by lightning and instantly killed near Richmond, Ind.

President Cleveland visited the tomb of Washington Friday for the first time.

The "colored line" has split the Episcopal diocesan convention of South Carolina.

Lord Lansdowne has published a card to give Editor O'Brien full liberty of speech.

A tornado did great damage in Gage county, Nebraska. Two persons were killed.

Parnell suffered a relapse after reaching London, and has again gone into retirement.

James Kearney, a lawyer of New York, is in custody for swindling clients out of \$60,000.

W. F. McKay, of Lumberton, O., who lost a fortune in western railroad ventures, died in Kansas May 11 of mountain fever.

Samuel Jones, colored, was hanged in the presence of two thousand people at Texarkana, for the murder of Kate Hicks.

The storekeeper of the sugar warehouses at Havana has disappeared with half a million, obtained by pledging imaginary sugar.

Findlay has issued an invitation to President Cleveland to take part in the anniversary of the discovery of natural gas in that city next month.

Incendiary fires are so prevalent in Indianapolis the past few days that the mills and lumber yards were guarded by policemen armed with rifles.

Mr. Gladstone was called to order in parliament Friday for referring to a certain member as being one thing in parliament and another in Ireland.

Receiver Farrell, of the Bankers' & Merchants' Telegraph company, sues the Western Union for \$100,000 damages for cutting the former company's wire.

The grand commandery of the Masonic Knights Templar of Pennsylvania will hold its thirty-fourth annual convocation in Philadelphia, on the 24th and 25th inst.

Attorney General Garland, ex-Speaker Carlisle, ex-Senator McDonald and ex-Governor Hoadly are all mentioned as probable successors to Justice Woods, of the supreme court.

Three masked men broke into James Porter's farm house near Wilmington, Del., and after an exchange of shots overpowered Porter and his family, and got away with \$3,800.

Congressman Ben LaFevre, of Ohio, will soon remove to New York. He has become general manager of the railroad business of Calvin Brice and Gen. Thomas. His salary will be \$30,000.

Effie Hardy, Perkins, Gold Flea, Egmond and Bixby were the winners of Friday's races at Louisville. Salvini, Dunbine, Telle Doe and Nellie Van won at Baltimore. The spring meeting at the latter city closed Thursday.

The body of Richard Miller, the aged merchant of Lubeck, W. Va., was found in the Ohio river near Parkersburg. All his valuables except a watch were gone. Lucy Berry, a notorious courtesan, was arrested some time ago on suspicion of having murdered him.

BASE BALL.—Cincinnati 12, Metropolitan 4; Louisville 4, Athletic 1; St. Louis 11, Baltimore 4; Indianapolis 3, Pittsburgh 2; Philadelphia 6, New York 1; Detroit 17, Chicago 7; Boston 8, Washington 6; Akron 9, Kalamazoo 7; Mansfield 24, Sandusky 3; Columbus 21, Wheeling 12; Zanesville 20, Steubenville 6; Memphis 23, Mobile 7; Charleston 14, Savannah 7.

The Weather.

WASHINGTON, May 16.—Indications: Generally fair weather, light variable winds, nearly stationary temperature.

FINANCE AND COMMERCE.

Quotations of the Money, Stock, Produce and Cattle Market for May 14.

New York—Money 3 per cent. Exchange steady. Government bonds.

Currency sixes, 126 bid; four coupons 129; four and halves, 110 1/2 bid.

The stock market opened steady at last night's figures, but soon weakened under a pressure to sell and declined by the first call 1/4 to 1/2 per cent. Toward 11 o'clock the market became dull, and so continued up to the present writing.
